Hello, Im Tina and I started the garden florist in 2017 and this little business is literally my dream! Combining my Floristry, Horticultural knowledge and design skills to create floral arrangements all year around. Im a qualified and experienced lecturer of more than 20 years. Its this dedication to the industry that has enabled me to work with students and to achieve RHS medals at both the Chelsea Flower Show and the BBC Gardeners World Show. My career has enabled me to work as a Florist, Gardener, Garden Designer and Lecturer all within the industry. So you could say I know a thing or two about plants and flowers!

## What other workshops/classes do you offer?

My natural surroundings provide me with immense inspiration, so Im often found foraging around or digging around in the garden! Its the love for garden flowers with their twisted stems, colourful blooms and gorgeous scent that I capture in both my floral designs and use to inspire within my teaching. Along with flowers from our '**Blooming British**' growers, you'll definitely be '**floralised**' on a workshop!
