About Poppydots

Hi there, I'm Sophie Ramsey and I'm the owner and creative lead of Poppydots Florists. Since establishing Poppydots in 2017, I have been privileged to work with some of the most amazing people in the industry and with some fantastic couples to create their dream wedding day.

I absolutely love designing and creating luxury wedding flowers, as I am a firm believer that a wedding is just not the same without them. These pages have been adorned with beautiful floral inspiration and I hope that it brings excitement to you for planning one of the biggest days of your life. Every person has their own dreams of what they want their wedding to be and I'm here to help bring that dream to life. Good luck with your planning journey!

The Bridal Bouquet

There is nothing more special than the bouquet of flowers you carry down the aisle. Exquisite detailing and the best luxury flowers from around the world, displayed in an array of shapes and sizes to suit your theme and décor. You could opt for a circular shape, or maybe a teardrop/shower bouquet is more your style. We have found that our Signature Oblong has been a popular favourite in 2022!

Your flowers will last longer than your wedding day, but to cherish them forever, we recommend Wild Works based in Chelmsford, Essex.

The Bride Tribe

There is nothing better than spending the morning of your day with your bride tribe. Whether you're getting ready together at your wedding venue, or from home, you will undoubtedly be extremely excited about what the day has in store.

We hand deliver our bouquets directly to you, we run through some tips to maximise the flowers in your photography and then we leave you ready to walk down the aisle.

The Men

Buttonholes would be the traditional flower accent for the men to wear, which is the most common design seen for weddings today. However, there are alternatives like floral pocket squares that could be more suitable dependent on the groom's taste. You could even choose to have nothing at all, if you feel a traditional approach isn't for you!

How many people do you cater for? This is a question that is mostly solved by the cost. Prices aren't what they were 50 years ago, so you may not be able to accommodate your whole guest list. The easiest way to calculate the numbers would be to cater for those who are important on the day. As a guide, that could be the Groom, the Best Man Groomsmen and Parents, including Mums.

Church & Venue Décor

Naomi Barker Photography

Décor can be a little or a lot, it's all a matter of personal taste. Keeping the balance on what suits you can be a little overwhelming and the easiest place to start should be with the style of the venue you have chosen. A classic and contemporary venue could work with a variety of styles, yet barns and festival venues generally fit with a certain type of aesthetic.

Props and centrepieces can be provided if required, our hire is priced on a tiered day rate of £50/£100/£150 dependent on how many props you use.

How to Book

We do not have a price list, because we like to meet our couples in a face to face consultation, or a Zoom call if you are not local or cannot come to us in South Woodham Ferrers, Essex. Please get in touch with us either through our website or by email and we will send you our booking form to complete.

You can book a Zoom consultation directly through our website, if that is the most convenient option. We will then follow up confirming the booking and will attach the booking form for you to complete.
